Spot The Wildlife
Adnabod bywyd gwyllt

Parc Tredelerch to the Wales Coast Path
Parc Tredelerch i Lwybr Arfordir Cymru

This is part of the Rhymney Trail and links to the Wales Coast Path. There is a variety of plants and animals that can be seen along the trail. Try to see how many you can find and recognise from the Spot the Wildlife pictures.

Dyma ran o Daith Rhymni sy'n cysylltu â Llwybr Arfordir Cymru. Mae amrywiaeth o blanhigion a bywyd gwyllt i'w gweld ar hyd y daith. Ceisiwch weld faint ohonynt y gallwch chi eu hadnabod o'r lluniau.

Choose your walk route and see how many of the following species you can spot!

Dewiswch eich llwybr a nodwch faint o'r rhywogaethau canlynol y gallwch chi eu gweld!

Hare
Ysgyfarnog

I am larger than a rabbit with longer legs and ears. I have been known to run up to 45mph.

Rydw i'n fwy na chwningen gyda choesau a chlustiau hirach. Gallaf redeg hyd at 45 m.y.a..

Lapwing
Cornicyllod

Some call me the peewit because of my bird song. I can be found on wetlands with short vegetation.

Gallwch fy ngweld i ar wlyptiroedd gyda llystyfiant byr.

Cetti's Warbler
Telor Cetti

You will probably hear me before you see me with my burst of song!

Rydych yn fwy tebygol o'm clywed cyn fy ngweld oherwydd fy nghân!

Water Vole
Llygoden Bengron y Dŵr

I build my home on the steepest parts of the riverbank with underwater entrances for safety. Rydw i'n adeiladu fy nghartref ar y rhannau serth ar lannau'r anfon gyda mynedfeydd tanddwr er mwyn diogelwch.

Barn Owl
Tylluan Wen

With my perfect hearing I can hunt for food by sound alone. I also have an eerie screeching call rather than a hoot. Gyda'm clyw perffaith gallaf hela am fwyd drwy sain yn unig. Mae gen i hefyd sgrech iasol yn hytrach na hwtiad.

Curlew
Gylfinir

I am a wading bird who loves to search for shrimp, shellfish and worms in the mud flats. If the tide is out you may need binoculars to see me! Rydw i'n aderyn hirgoes sy'n hoffi chwilio am ferdys, cregynbysgod a mwydod yn y fflatiau llaid. Os yw'r llanw ar drai efallai y bydd gofyn i chi gael ysbienddrych cyn y gallwch fy ngweld!

Kingfisher
Glas y Dorlan

I dig my nest into the riverbank to lay my eggs. Each of my chicks can eat 12-18 fish every day. Rydw i'n cloddio fy nyth i mewn i lan yr afon i ddodwy fy wyau. Gall pob un o'm cywion fwyta 12-18 o bysgod bob dydd.
